One act of kindness I researched:

Verwood

A picture of the flower baskets.

A florist called 'Pip Holley'
who lives in a town called
Verwood, has been leaving
beautiful baskets of flowers in
hidden places around the town
to try and cheer up people
during a COVID-19 lockdown.
She took pictures of the flowers
and posted clues online so
people could find them.

How did the act of kindness make people feel?

When people found the baskets of flowers, it
made them feel happy and it helped them cheer up
from being stuck at home because of COVID-19.
