

RAINFORESTS

Scan the QR code. Read the article and answer the following questions.

1. Name the two types of rainforest.

_____ and _____

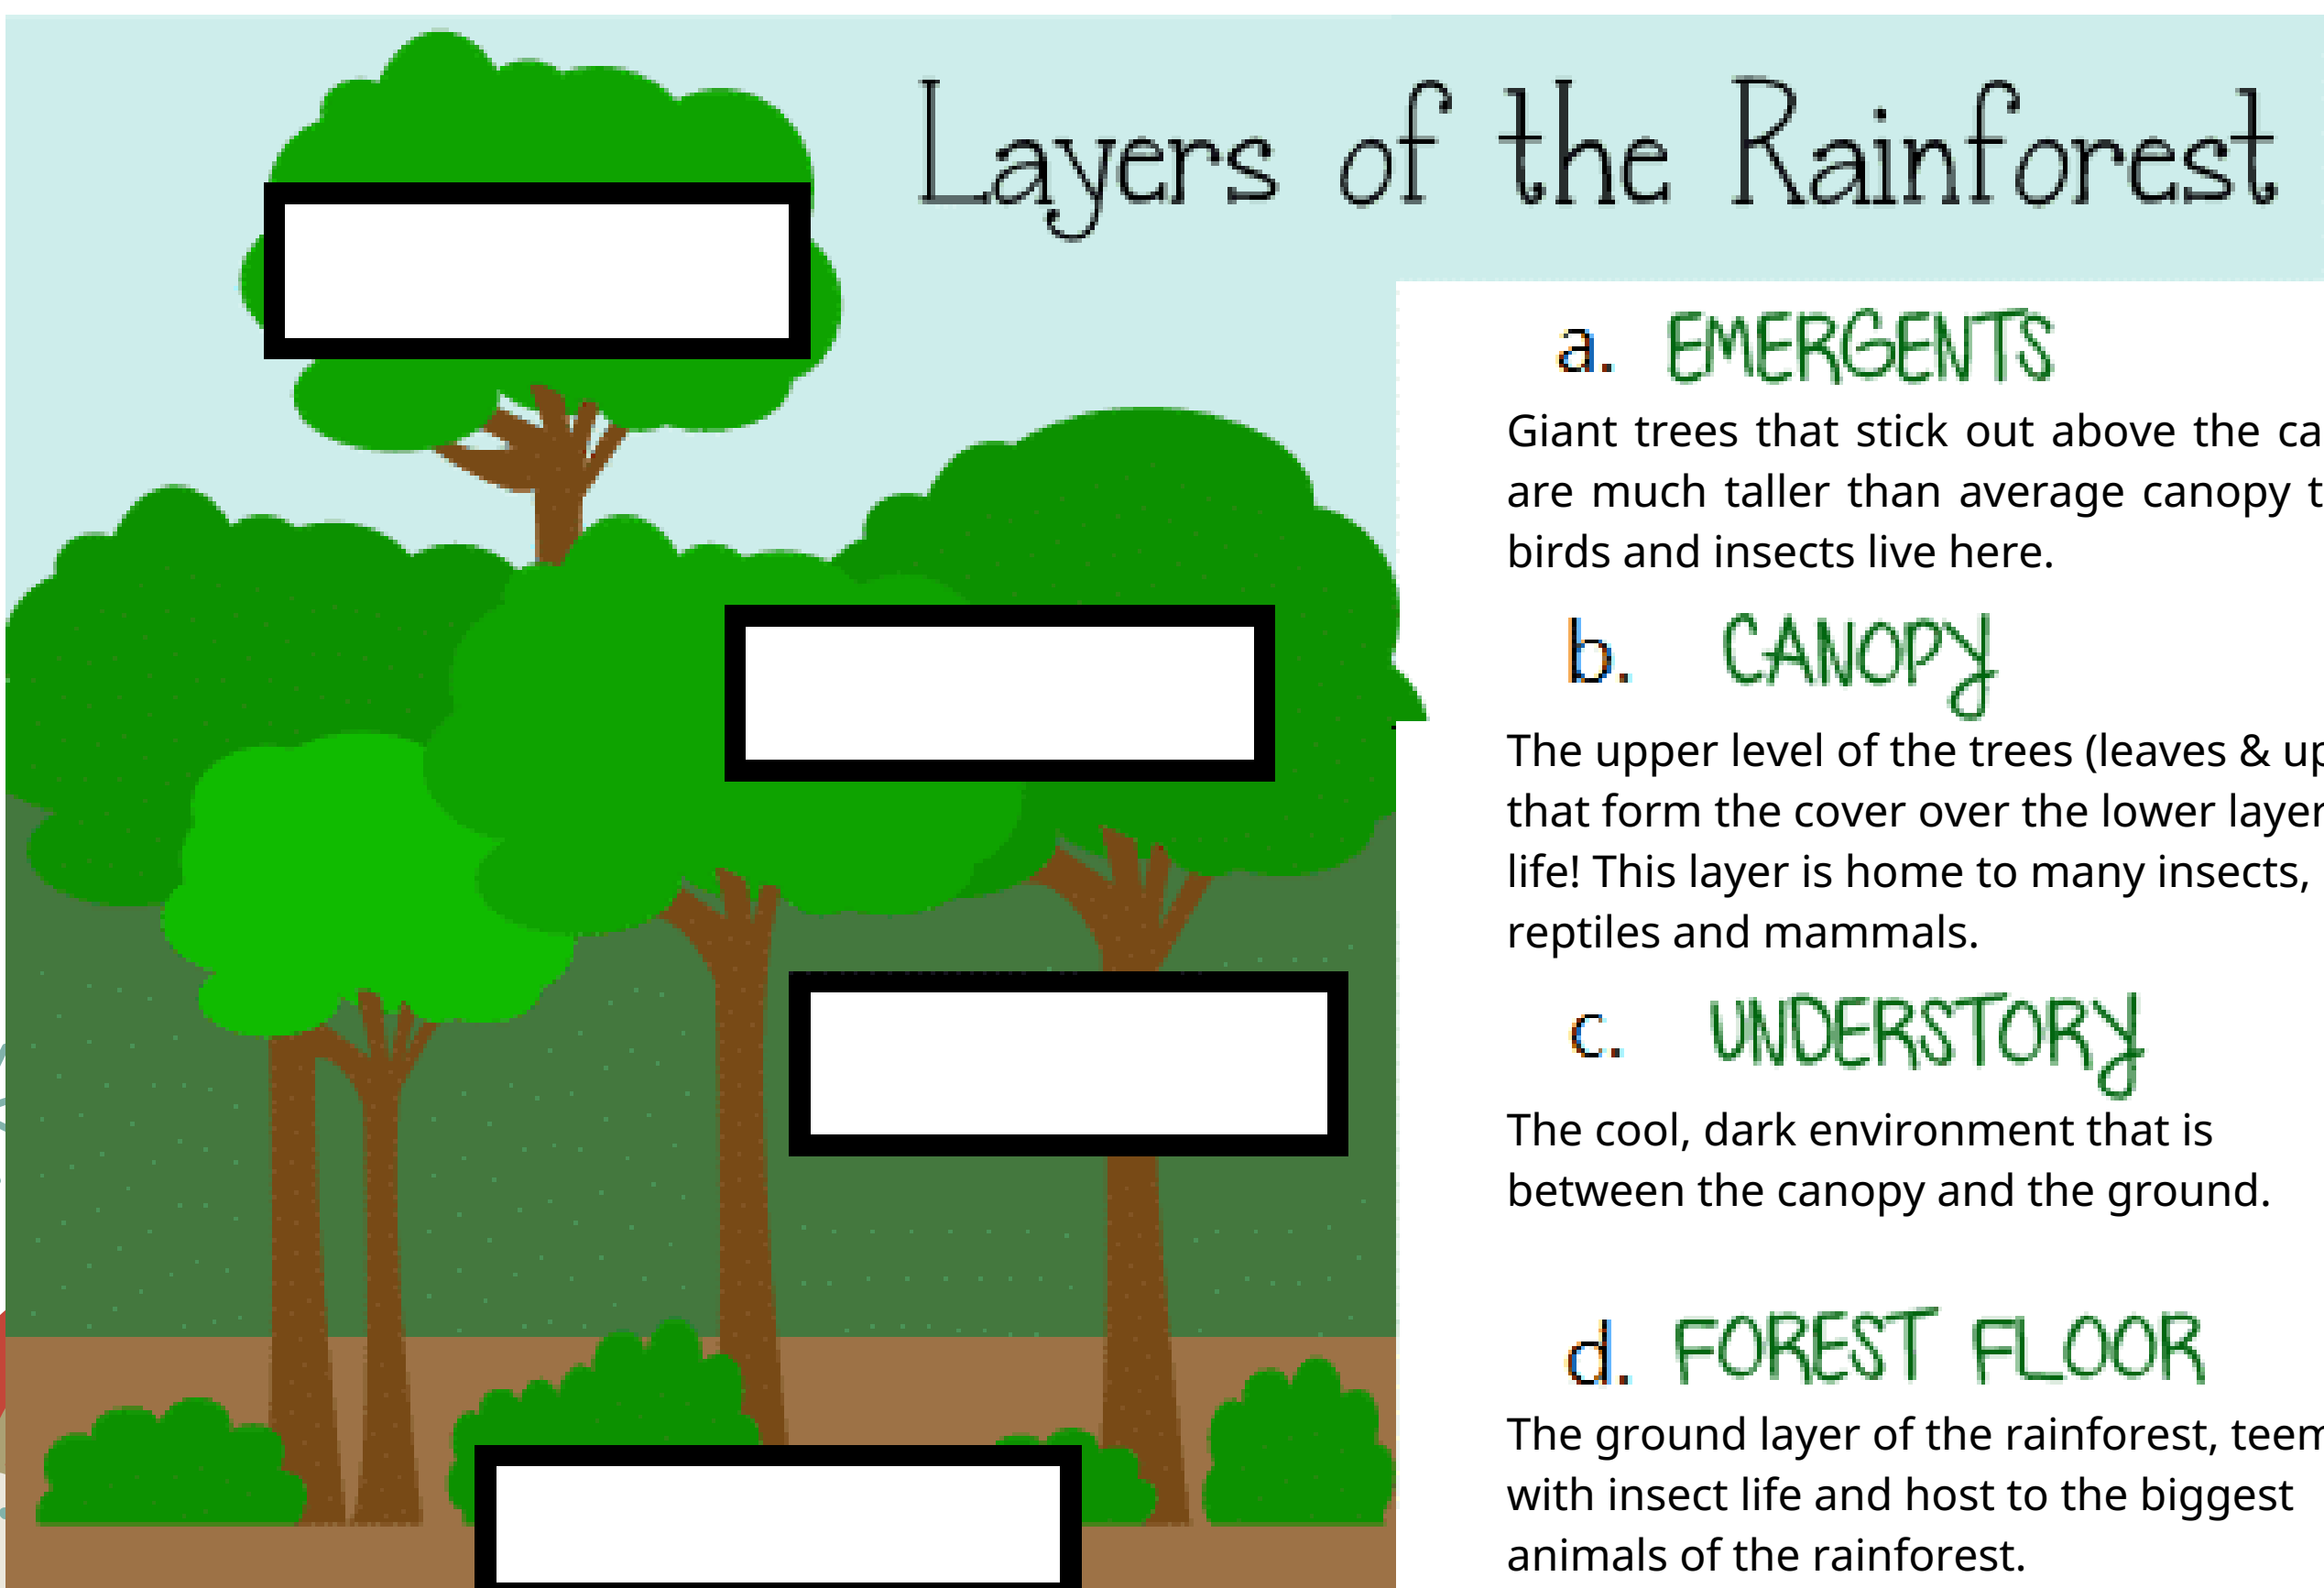

2. Which is the largest rainforest in South America ?

_____ is the largest rainforest in South America.

3. Why does the author say rainforests are the 'Lungs of the Earth' ?

The rainforests take in _____.

4. Fill in the boxes with the correct letter (a-d).

Layers of the Rainforest

a. **EMERGENTS**
Giant trees that stick out above the canopy. They are much taller than average canopy trees. Many birds and insects live here.

b. **CANOPY**
The upper level of the trees (leaves & upper limbs) that form the cover over the lower layers. Full of life! This layer is home to many insects, birds, reptiles and mammals.

c. **UNDERSTORY**
The cool, dark environment that is between the canopy and the ground.

d. **FOREST FLOOR**
The ground layer of the rainforest, teeming with insect life and host to the biggest animals of the rainforest.

RAINFORESTS ARE IMPORTANT TO US!

Design a slogan with less than 20 words in the box below!

A large, empty white rectangular box intended for the user to design a slogan. The box is centered on the page and is surrounded by a dark grey border. A faint watermark 'Canva' is visible in the center of the box.
